IRONWOOD HIGHS FORFEIT GAME TO HOUGHTON TEAM

This Action Eliminates Western Half of Peninsula in Championship Race and Leaves Houghton, Menominee and Ishpeming to Fight It Out—Locals May Play Calumet Tomorrow.

The Houghton high school football team, copper country champions, will not play at Ironwood tomorrow afternoon as anticipated, word having been received yesterday that Ironwood would forfeit the contest to the locals. Having won the honors in the western end of the peninsula, Ironwood gives up the honors to Houghton. This leaves but three teams in the finals for the upper peninsula championship, Houghton in the copper country, and Menominee and Ishpeming in the central portion.

It is not known whether Houghton will meet one of the other teams, or allow Menominee and Ishpeming to fight it out and then meet the winner. This will probably be the final outcome, and will result in Houghton playing for the upper peninsula championship sometime in November. The winner will doubtless challenge the lower peninsula champions for a game to decide the state football supremacy.

Couch Haug of the locals continues to practice his men and he reports them in excellent condition. It is probable the game with Calumet will be played off tomorrow afternoon at the Hancock driving park. The Houghton players are confident of their ability to defeat Calumet and if the two eleven meet tomorrow are certain of victory. Calumet was easily defeated by Hancock and Houghton had no trouble winning from Hancock so that on comparative scores Houghton is the better team.

Copper country football enthusiasts are manifesting no small amount of interest in the Michigan-Marquette university from Milwaukee game to be played in Milwaukee tomorrow afternoon. Advertisers from Milwaukee are to the effect the Marquette team believes it can win from Yon's aggression and the game should be a hotly contested one.

DR. HUBBARD IN MILWAUKEE.

Well Known Houghton Man, Returning From Southwest, Says He's Cold.

"Br-r-r-r!" said Dr. Lucius L. Hubbard of Houghton, as he traversed the streets of Milwaukee yesterday, wrapped in the chin in a great coat, says the Milwaukee Free Press.

"I have been down in the southwest for so long a time that I find this weather freezing cold," he explained.

The doctor is chasing copper into all the old corners of the world now. He is the man who as state geologist of Michigan, was selected in 1895 to locate the workings of the new Champion mine, the property which followed up the success of the Baltic on the south range of Michigan's famous copper country.

In the midst of a forest growth of remarkable density the doctor located the now famous ledge at the very attempt, a feat which is unsurpassed in the annals of exploration in Michigan and which has caused his services to be in the greatest demand from that day to this. The development of the south range and the princely dividends paid are an old story now.

The experts of the copper country, of whom the doctor is one of the best known, are sent throughout the southwest, Mexico, the South American countries, Alaska and even over to the Scandinavian countries of Europe now in the search for northern Michigan capitalists for the red metal.

LAST MOOSE IN U. P.

Captain J. F. Finnigan of Ontonagon writes as follows: "The last moose seen in northern Michigan was in March, 1867, and was shot by a half breed Indian between the Portage Entry and Lake Linden. He hauled the meat to Houghton and sold it for twenty-five cents a pound. It was a hump moose and weighed one thousand to twelve hundred pounds. A hunter bought the head for \$1 and charged fifteen cents to see it. He made all kinds of money."

A daughter has been born to Mr. and Mrs. Herman Shetney.

NOT ONLY INDIGESTION AND GAS BUT ALL MISERY FROM A BAD STOMACH GOES

Take a little Diapiesin now and your stomach will feel fine five minutes later.—Don't keep on suffering with a certain cure so handy.

If your meals don't fit comfortably, or you feel bloated after eating and you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, brash or a belching of gas, you can make up your mind that you need something to stop food fermentation and ease indigestion.

To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your stomach of poisons, excessive acid and stomach gas which sour your entire meal—interfere with digestion and cause so many sufferers of Diapiesin, Sick Headache, Bloating, Constipation, Griping, etc.

Your case is no different—you are a stomach sufferer, though you may call it by some other name; your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition.

A case of Pape's Diapiesin will cost fifty cents at any Pharmacy here, and will convince any stomach sufferer five minutes after taking a single dose that Fermentation and Sour Stomach is causing the misery or indigestion.

No matter if you call your trouble Catarrh of the Stomach, Nervousness or Gastritis, or by any other name—always remember that a certain cure is waiting at any drugstore the moment you decide to begin its use.

Pape's Diapiesin will regulate any out of order Stomach within five minutes, and digest promptly, without any fuss or discomfort of any kind of food you eat.

PROBATE PROCEEDINGS.

Resume of the Week's Business in Judge Bentley's Court.

Following is a resume of the probate court proceedings for the past seven days as transacted by George C. Bentley:

Inventory filed in the matter of Frank Blankstrom incompetent.

Warrant and inventory filed in the estate of Mary J. Pryor, deceased.

Final receipts filed and executor discharged in the estate of Joseph Tucker, deceased.

ISLE ROYALE BAND DANCE.

Fine Program Arranged for Dance at Hurontown Tomorrow Night.

The Isle Royale band will give a dance in the Hurontown fire hall tomorrow evening. In the afternoon there will be a parade of the musicians through Houghton, with an open-air concert. If weather conditions permit, in front of the Michigan House. The program for the dance is as follows:

Two-step, "Under the Black Flag," Lasey.
Waltz, "Cupid's Dart," Hall.
Two-step, "The Millionaires," Lasey.
Waltz, "Drifting," W. Coney.
Two-step, "Rocked in the Cradle," Waltz.
Waltz, "The Merry Widow," St. Clair.
Two-step, "Slippery Hank," Lasey.
Waltz, "Dream of Paradise," Johnston.
Two-step, "His Excellency," Fillmore.
Waltz, "Dulcino," A. Pugh.
Two-step, "Paddy Whack," Lampe.
Waltz, "Memories' Dream," St. Clair.
Two-step, "Sweet Remembrance," St. Clair.
Two-step, "Soma Swing," Alford.
Waltz, "A Dream of Spring," Rockwell.
Two-step, "On the Boulevard," Agnes.
Waltz, "The Bonita," Egan.
Two-step, "Napanoe," Williams.
Waltz, "Emerald," Hayes.
Two-step, "Noble Bill," Lasey.
Waltz, "Land of Dreams," Alford.
Two-step, "The American Muselman," Myers.
Waltz, "Land of the Midnight Sun," St. Clair.
Two-step, "I. O. R. M.," Seltz.
Waltz, "When Knighthood was in Flower," Gustin.
Two-step, "Troopers' Tribunal," Fillmore.
Waltz, "Leonore," Lasey.
Two-step, "Empire Express," Lasey.
Waltz, "Home, Sweet Home."

RAILROAD AND STEAMSHIP TRAVEL BETTER THAN EVER

Traveling Freight and Passenger Agents Flock to Copper Country to Get Share of Outgoing Business—Rail Passenger Business is Heaviest in History. Say the Representatives.

The copper country has been invaded the past two days by an unusually large number of traveling representatives of various railroad and steamship lines, the men coming here to secure their share of the local traveling business. In conversation with several of the railway and steamship representatives, the News was informed that railroad and steamship travel was quite heavy, on the former all records now being broken.

Among those who were here yesterday and today were the following gentlemen: Mart Adson, of Duluth, general passenger agent for the Duluth, South Shore & Atlantic road; Thomas J. Burns of Duluth, traveling passenger agent for the Canadian Pacific Steamship Co.; Robert S. Hair of Chicago, traveling passenger agent for the French line of steamers; Arnold R. Hill of Chicago, general agent passenger department of the Lehigh Valley railroad; E. R. Leppert of Milwaukee, traveling passenger agent of the New York Central line; Joe Gavan of Chicago, traveling passenger agent of the Missouri Pacific road; Warren P. Lindsey of St. Paul, division passenger and immigration agent for the M. K. & T. road; and D. M. Rehr of Duluth, traveling freight agent for the Great Northern railroad.

There is unusual activity in freight lines at this period of the year and already a shortage of equipment is reported. Especially is this true at the head of the lakes, according to those who have just been in Duluth. The passenger business the past summer has been the biggest in history and the outlook for this winter is unusually bright.

Speaking of ocean travel, Mr. Hair said that business was picking up rapidly and that while travel has been light during the summer, they are now getting their share of business. This applies to third class or storage business. Speaking of the immigration the past year, Mr. Hair said it was a noticeable thing that most of those coming to this country purchased their own tickets, that there were few pre-paid tickets sent across the pond.

MAY FORM ART LEAGUE.

Owners of Paintings in Copper Country are Invited to a Meeting Here. Carrying out a suggestion advanced a few days ago, the organization of a Copper Country Art League, J. W. Young, an artist and art dealer who is stopping at the Douglas House, has called a meeting for tomorrow evening at Citizens' hall, at which time the advisability of forming an organization will be discussed.

Mr. Young has interviewed a number of the leading copper country people, lovers of art, and has received sufficient encouragement to warrant his conducting a meeting here tomorrow night.

Many Hancock, Calumet and Houghton lovers of fine art have signified their intention to be present and the league, mention of which was made in the News several days ago, will doubtless be formed.

A party consisting of John Schroeder, William Lucas, Pat Carlson and Joe Torreano has gone to Silver Mountain for a week's partridge hunt.

Calumet Baking Powder

The only high-class
Baking Powder sold at
a moderate price.

WILLIAM HEEMAN SAVED FROM DROWNING IN LAKE

William Heeman, an employee of the Houghton County Traction Co., residing at Laurium, but evidently employed at this end of the line, started out on a little celebration sometime yesterday and at 9 o'clock last night took a notion to walk north on Huron street. Now he is known Huron street ends very abruptly where the waters of Portage lake encounter it, so that when William reached the edge of the high dock, near where the Roach & Seeler warehouse and offices are located, there was only one alternative to turning back, that being to plunge into the water.

Having quite a cargo of bad whisky aboard William kept right ahead and entered the icy water with a splash and a yell that could be heard far blocks. C. V. Seeler and Arthur Walsh of the wholesale grocery department were sitting in the office. Hearing the scream they hastened to the edge of the dock and in a couple of minutes had Heeman safely ashore.

The man was taken to the county jail and this morning Justice Brand decided a thirty day "dryout" would do him no harm. Regard another boarder at Sheriff Byers' establishment on the hill.

PRYOR AND SMITH GOSSIP.

Hibber, Ariz., Oct. 22.—Denn-Arizona has encountered body of black sulphur ore in west drift on 1250 foot level. Crosscutting has commenced to determine the size of the ore body. Considerable water was encountered but it is easily handled.

There is little probability of the Humboldt smelter commencing operations before April. The plant now being remodelled for economical handling of ore and two new furnaces are being constructed.

The United States Smelting company is purchasing zinc properties in the Cerbat Range, Mohave county and also negotiating for an abandoned deposit of low grade gold ore near Kingman, Ariz.

PRYOR & SMITH'S GOSSIP.

Phoenix, Ariz., Oct. 22.—The Wolverine and Arizona property located next to the Calumet and Arizona mine in Bluebird now making regular shipments of 15,000 lbs. Copper Queen smelters at Douglas of about 150 tons a week. There are average twelve per cent copper. There are about two thousand feet of work on the property. Eastern stockholders expected to visit mine in a few weeks.

Plans being made to work on a large scale Northern crosscut in three hundred foot level of Live Oak Mine. Miami is in 325 feet with concentrating ore, entire district averaging 2.20 per cent copper. Twelve foot intervals show 2 1/2 per cent.

HOUGHTON MAN BUYS BIG CHUNKS OF REAL ESTATE

B. C. Forbes, the well known Houghton land broker and timber expert, has completed two large real estate deals. He has purchased 225 acres of land fronting on Portage lake, two miles south of the golf links, from the heirs of Mrs. Mary Jacobs, and Mrs. Samuel N. Billings of Idaho. The property is known as the old Halfway on the old stage line between Calumet and Ishpeming. Mr. Forbes has several prospective purchasers of portions of this land who, it is said, intend to put up residences there next summer. Mr. Forbes also has purchased the Brand homestead of eighty acres southeast of the Baltic mine from the George Brand estate.

WEATHER STILL UNSETTLED.

Rain Fields Have Drifted From Copper Country But Conditions Unsettled.

While the rain fields have drifted away from the copper country and the barometer has risen considerably since yesterday morning, the weather is far from being settled. Cloudy and unsettled weather will continue during the ensuing 24 hours, attended by occasional light mist, said the weather man this morning. The wind is light this morning on the extreme west end of the lake, and moderate in the vicinity of the Soo. Boats leaving for Duluth will find pleasant weather shortly after leaving the canal.

HOTON BREVITIES.

Two additional applications for citizenship at the January term of circuit court were posted today in the office of County Clerk Richardson. The applicants and the annual data follow: Charles Cullman of Dollar Bay, born in England, arrived in the country via Detroit on May 15, 1879; John Lammie of Calumet, native of Austria, arrived at New York June 4, 1902.

Probate Judge Bentley expects to have a session of the juvenile court tomorrow morning. Defendant will be a young girl.

James Martin left today for Ann Arbor to enter the University of Michigan.

Mr. and Mrs. S. J. Beahan leave tomorrow for their home in New York after a week's stay in Houghton.

Lieutenant Camden of Detroit, inspector of life saving stations, has departed from Houghton after coming here to inspect the station at the ship canal.

WHAT CHAS. W. MORSE WILL
EXPERIENCE AS A PRISONER.

When Charles W. Morse, ice king and former multi-millionaire, is taken to Atlanta to be placed in the federal prison, as the United States courts have ruled he must, he will pass out of the world, so far as any participation in its affairs is concerned. He will have few opportunities to be of service to his friends and business associates, or to direct any business matters.

On reaching the prison he will be taken before the warden and closely questioned as to details of personal history, after which he will be given a bath. His clothes will be burned, unless he chooses to pay the express charges to send them home.

Then he will be given a suit of prison clothes, in the stripes indicating the highest class in the prison, of which there are three. The first and the

Cotton Holds Wrinkles —Wool Holds Style

You don't care what your clothes are made of—all you want is the result.

If somebody could invent a way to make more lasting and more stylish clothes out of part cotton than out of pure wool, you would prefer the cotton.

Clothcraft All-Wool Clothes

But the facts, as you know, are that part cotton clothes hold wrinkles and keep shabby while clothes of pure wool hold style and keep shapely.

Clothcraft Clothes are pure wool—there's a Signed Guarantee in each suit. And they sell at the

same prices as part-cotton clothes.

They are the ONLY clothes at these prices that are Guaranteed pure wool.

As soon as enough people find out about these clothes, we won't be able to get enough from the factory to supply the demand.

ED. HAAS & CO. HOUGHTON - - CALUMET

highest class gives prisoners many privileges denied to the second and third, made up of prisoners who have misbehaved. He will then be photographed, shaved and his hair cut short.

The old rule of shaving the head of prisoners has been abolished, as has the lockstep and other humiliating customs. After leaving the barber shop a second photograph will be made of him, and he will be passed on to the prison doctor for physical examination.

If found in first class condition he will be put to work. If he is sick he will be sent to the hospital.

After the physical examination Mr. Morse will be conducted to the prison chapel, Dr. Tupper or his assistant, Dr. Morrow, a Roman Catholic priest, and will be given a bible and a set of prison rules, which state all the privileges due a first class prisoner.

The deputy warden will then assign him a cell in a division of workmen, according to the kind of work he is best fitted to do. In Mr. Morse's case he will probably be given some kind of clerical work. There is a wide range of work in the Atlanta prison from that of clerk to that of a stonemason and a gardener, the grounds covering 321 acres. This detail of starting the prisoner to work will take about four days under ordinary circumstances.

The privileges the new prisoner will have are numerous. He will be allowed to write letters to family and friends, subject to supervision of the prison authorities. Once in two weeks he may receive visitors. He will be furnished with tobacco and smoking material, and allowed a certain number of books each week from the prison library, containing 7,000 volumes. He will be allowed to receive magazines, books and newspapers from friends. He will be given the best treatment, and accorded every possible liberty consistent with prison rules as long as he behaves himself. Lapses from good behavior are punished by drops in grade, the third grade prisoners being deprived of practically all their privileges, as well as their good time, which with most prisoners is a big item. He will be required to work

eight hours a day, and given as much open door recreation as possible to keep him healthy. The prisoners are given very little recreation. There are occasional theatrical entertainments, and the musically inclined prisoners have organized a band. On Sundays they are given their options whether to attend Catholic or Protestant service. About 250 of the 700 old prisoners usually attend the Catholic service.

When the prison doors close upon him Morse will be a number; that is all. He will receive no greater privileges than any other prisoner. He will be uninterferable, unreachably, Warden Moyer will answer few or no questions about him, for it is one of his strict rules to say nothing of his prisoners, not even to mention their names except in the most general way. The man who would ask him to name his most noted prisoner would be told he had none. Even in his reports to Washington no prisoner is mentioned by name except when he dies.

Should Morse complete his sentence he will be given a suit of clothes, transportation home and \$5 in money and with a few words of good advice wished God-speed.

THIS IS MY 51ST BIRTHDAY.

The Empress Augusta Victoria, wife of the German emperor, was born October 22, 1858, at Schloss Doleitz, the daughter of the late Duke Friedrich of Schleswig-Holstein-Sonderburg - Augustenborg. All her early years, Princess Augusta spent with her mother and sisters at the modest court of Doleitz. At eighteen years of age she was married to Prince William of Prussia, who ascended the German throne upon the death of his father, in 1888. The empress has been a most devoted wife to her husband, often spending the morning with him helping him with his business, for all her housewifely qualities she possesses a clear brain and calm judgment, which often have proved of great assistance to her husband. The empress is the mother of six sons and a daughter.

THE crowds of early shoppers at Thursday's A. M. Hour Sale simply overwhelmed us. We could not handle the crowd for lack of Salespeople.

For this sale we have prepared for an even greater rush.

More salespeople. Bigger and Better specials. So be here early and tell your friends.

Remember, no telephone orders taken and none sold to merchants or pedlars at sale prices.
